

# THE BIG W" EYE" DE WORLD OF EYE GAZE TECHNOLOGY

## **Authors**

Katie Lyon

Charlene Cullen

## **Short Abstract**

Many people with limited controlled movement can use eye gaze technology to control computers or communicate using speech generating devices.

This presentation will demonstrate and compare three of the available devices and their features:

- The Dynavox Eyemax with Vmax
- My Tobii P10; and
- Tobii CEye with C12

It will also present a case study.
